1 INTRODUCTION

Al Jazira Equipment & Technical Services (JETS) was formed in 1996, and has successfully developed and established itself as one of the region's leading commercial kitchen and laundry equipment suppliers. The company has its headquarters in Dubai.

The scope of services that JETS provides is based on a full turnkey solution, ranging from project design, procurement, installation and commissioning. Our staffs provide ongoing consulting and supervision support during the construction phase. Furthermore, JETS supports its clients with all aspects of maintenance work and after hours servicing.

JETS represents an array of qualified international manufacturers and suppliers of kitchen and laundry equipment. JETS has extensively evaluated its global supplier base taking into consideration the wide spectrum of its clients needs and requirements which are project driven, meeting and exceeding expectations.

To enhance its quality driven approach, JETS has implemented internal various Quality Management Systems among which is ISO9001:2015 Quality and Safety certification. We at JETS, pride ourselves in our extensive knowledge of numerous international standards, and internal resource capability and training criteria. This has enhanced our engineering and technical know-how to address High Value Projects as well as provide value engineering solutions for projects that require efficient streamlining of process capabilities and client user requirements evaluation.

2 MISSION STATEMENT

“Every project is different and deserves a high level of personal attention”

JETS believes in providing a high level of dedication to our clients, as it is our goal to tailor our expertise to meet the specific requirements that each of our customers require.

We realize our Mission Statement, by having our subject matter experts listen carefully to our clients needs, and establish the User Requirement Specifications (URS). We follow-up by streamlining the process critical requirements during our value engineering exercise and optimize the right design and equipment functional specification working closely with the client’s consultants as a team effort resulting in solutions that add value to our clients and further enhance the JETS brand identity

2.1 Areas of Operation for both Kitchen and Laundry Facilities

- Hotels and Restaurants
- Palaces and Villas
- Catering and Institutional facilities
- Hospitals and Schools
- Camps and Staff Accommodations

2.2 Main Activities

- Design and Consulting Services for Commercial Kitchen, Bakery and Laundry equipment.
- Value Engineering to realign User Requirement Specifications and Functional Specifications.
- Supply and Installation of Commercial Kitchen, Bakery and Laundry Equipment.
- Commissioning of Kitchen, Bakery and Laundry Equipment.
- Maintenance Contracts for commercial Kitchen, Bakery and Laundry equipment.
- Our service includes design and installation of Extraction Canopies, walk-in Cold Rooms and other refrigeration solutions.

“Every project is different and deserves a high level of personal attention”

3 OUR SERVICES

3.1 Design and Consulting

We offer complete planning and design services for commercial kitchens; this approach ensures that the kitchen equipment layout being implemented is perfectly tailored for the kitchen application and meets the intent of the design.

The following services can be provided to the client after various coordination meetings to assess the specific requirements:

- Development of schematic design based on floor plan and required criteria
- Detailed elevation/ fabrication details of each area
- Detailed list and catalogue of all branded and custom equipment
- Identification and submittal of all electro-mechanical requirements for the equipment. These are normally issued to the MEP contractor for installation.
- Installation and commissioning of equipment until handing over

3.2 Value Engineering

We deploy our experience to provide our client with competitive engineering solutions to reduce the cost of their project or the time of design, preserving the desired quality standards. This is accomplished through two main factors. The first is our experience in kitchen design, and the ability to propose functional and practical alternatives on the design itself, to present optimum solutions to certain problems, whereas the second factor is our relation with various manufacturers in the kitchen industry, and our strong relationship with many of these industry leaders.

3.3 Procurement

Our procurement strategy is based on accuracy. This is the first stage where information turns into tangible outcomes. Our client's selection from catalogues materializes into actual equipments, with some item being ordered from overseas, and others manufactured locally. Hence, our confirmation orders are studied thoroughly before being issued. Our order confirmations pass through three levels of verification:

- Equipment verification
- Equipment-drawing coordination
- Financial verification

These three steps are linked together by the procurement manager in charge.

3.4 Installation

All our technicians are fully qualified, whatever the size of the scope is - being a one item installation or a complete kitchen package, each installation will be carried out by fully qualified and technicians.

JETS technicians attend regular manufacturer's training seminars and mandatory periodic factory visits to keep up to date with equipment installations and continually develop their technical expertise.

3.5 Commissioning

After testing the kitchen system components individually and verifying the connections of the kitchen equipments, the commissioning phase starts in accordance to client requirements and with the attendance of their representative(s). Our standard commissioning procedure consists of three main sub procedures.

- Operational demonstration
- Operation and maintenance training
- Documentation Submission

At JETS we make sure that the end users are made aware of kitchen operation and maintenance and has all the required documents to assist them.

3.6 Maintenance

At JETS we offer a full range of maintenance contracts and preventive service programs that ensures your equipment working at its maximum efficiency. Maintenance services range from regular preventive maintenance visits, to annual services and maintenance contracts, where in all our services, we assure timely attendance, and competency in problem solving. In our maintenance services, we rely on our highly qualified team of technicians and engineers. Our stock of spare parts covers a huge range of kitchen and refrigeration equipment from several manufacturers.

4 JETS MAJOR PROJECTS

4.1 Royal M Hotel & Resort, Bateen Marina, Abu Dhabi, UAE

Client: H.H Sheikh Mohammed bin Khalifa bin Zayed Al Nahyan

Lead Consultant: Architectural Consulting Group

Kitchen and Laundry Consultant: HCTS

JETS scope: Supply and Installation of:

- 6 main kitchen and bakery (Bulk cooking, Hot, Cold, Staff etc)
- 4 Restaurants
- 6 Bars
- Laundry services equipment for the hotel

A hotel development located on the western coast of Abu Dhabi comprising of a G+5 hotel building and 35 villas, all operated by The Biltmore Hotels.

4.2 Lapita, Dubai Parks and Resorts, Autograph Collection Hotel by Marriott Hotels & Resorts

Client: Dubai Parks and Resorts

Lead Consultant: Dewan Architects & Engineers

Kitchen and Laundry Consultant: HCTS

JETS scope: Supply and Installation of:

- 7 kitchens (Hot, cold, Banquet, Functionality, Specialty, Pool kitchen etc.)
- 5 Restaurants (Range of prestigious restaurant serving Chinese, Italian, Thai and Seafood cuisine).
- 6 bars.
- Laundry services equipment for the hotel.

The hotel which will be a Polynesian-themed family property, will become part of the Autograph Collection, marking the Middle East debut for the independent luxury hotels collection.

4.3 Bollywood Park Packages 5A, 5B & 6B

Client: Dubai Parks and Resorts

Lead Consultant: Dynamic Engineering Consultant DEC & Kling Consultant

JETS scope: Design, Supply and Installation of:

- 4 Main kitchens (Spicy Dhaba, Victoria Station .BB East/Studio canteen, Mughal E Azam).
- 4 Restaurants.
- Supply and Installation of Eye glass washing machines for Sholay and Don building.

Located in Jebel Ali, Bollywood Parks Dubai will cover a total of three million sqft. The destination will host 16 rides and attractions within five movie-themed areas featuring content developed in partnership with Mumbai's major film studios: Bollywood Film Studios, Mumbai Chowk, Hall Of Heroes, Regal Plaza and Rustic Ravine.

4.4 Etihad T3 First Class Lounge Project, Brookfield Multiplex Middle East & Asia

Client: Etihad Airways

Lead Consultant: GHD Consultant

JETS scope: Supply & Installation of Kitchen Equipment

The refurbishment covers the renovation of existing First class lounge kitchen and bars in addition to three new bars and a brand new show kitchen with high end cooking line.

Consultant is GHD consultants, and the kitchen design is made by Magna Pro FZE.

4.5 Deep Dive Dubai

Client: Roads and Traffic Authority (RTA)

Project Consultant: Jacobs

Kitchen and Laundry Consultant: MCTS

Deep Dive Dubai, the deepest swimming pool for diving in the world. it is located at Dubai's Nad Al Sheba neighbourhood and now verified by the Guinness World Record as the world's deepest swimming pool, at a depth of 169.9 feet (60.02 meters) and holds 14 million liters of water.

The project incorporates a high end kitchen and dining facility and a large scale laundry, capable of serving over 200 Kg. of various textiles daily.

4.6 Etihad T3 Bus Gate Lounge Project, Brookfield Multiplex Middle East & Asia

Client: ETIHAD Airways

Lead Consultant: Consult Project Ltd.

JETS scope: Supply and installation of Kitchen and buffet equipment for three kitchens, two bars and six buffet counters.

The proposed extension covers an area of 2,300m² with a total GFA of approximately 4,300m² (G+ 2) and is located in Khalifa City 'A' alongside the existing training academy in Abu Dhabi.

4.7 EGA (Emirates Global Aluminium) Administrative Offices & Facilities Project, Ali & Sons Contracting Co. LLC

Client: Emirates Global Aluminium

Lead Consultant: Engineering Consultants Group

JETS scope: Design, supply and installation of Kitchen equipment.

The project incorporates a high end central kitchen with ability to serve 2500 person per day. In addition to 15 satellite kitchens and pantries distributed on 7 buildings.

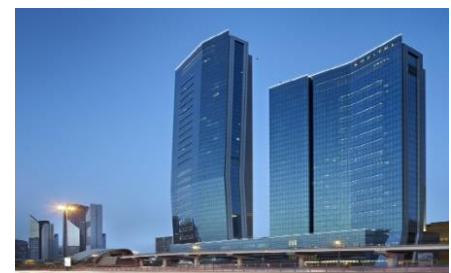

4.8 Sofitel Five Star Hotel, Dubai Mixed Use Development.

Client: The Private Office

Consultant: KEO International

JETS scope: Design, supply and installation of:

- 7 Restaurants
- 6 Main Kitchen and Bakery (Main, Hot, Cold, Staff... etc.)
- 4 Bars with view on Sheikh Zayed Road, Dubai Mall and Burj Khalifa

A complex of two buildings with 58 and 55 floors respectively, having a unique architectural highlight, with a Prime location on Sheikh Zayed Road, next to Burj Khalifa.

Dubai Mixed Use Towers - The very distinctive building complex offers a total of 200,000 m² floor space for a 5-star hotel and apartments along with shopping and leisure facilities - including generously dimensioned parking decks.

4.9 Sofitel Five Star Hotel, Capital Plaza Towers, Abu Dhabi Corniche

Client: REISCO

Consultant: Jacobs

JETS scope: Design, supply and installation of:

- 10 kitchens (Banquet, support, dine in, cold, hot...etc.)
- 5 Bars (Bricks Bar, VIP Lounge Bar, Le Salon Bar, Mai Thai Bar and Pool Bar)
- 6 Restaurants (Range of prestigious restaurant serving Italian, Thai and Seafood cuisine)
- Laundry services equipment for Sofitel

*Capital Plaza Towers, Abu Dhabi
Corniche*

Sofitel, the Pride of ACCOR Hospitality will add a French fingerprint on the Corniche of Abu Dhabi.

4.10 Arzanah Medical Complex (Health point Hospital – Abu Dhabi)

Client: MUBADALA Medical Holding Company L.L.C (MHC)

Lead Consultant: H.D.P Overseas Ltd. Hospital Designers and Planners.

JETS scope: Supply and installation of kitchen, central kitchen & cafeteria in the medical centre.

Arzanah Medical Complex & Diagnostic centre is a multi-speciality centre which encompasses a broad range of clinics and diagnostic imaging facilities 100% owned by Mubadala and which will be managed and operated by Singapore's experienced health care services provider Asia Medic Limited.

4.11 Lifeline - Burjeel Hospital

Client: Life Line Group

Lead Consultant: Arch. & Planning Group (APG), Hosmac Middle East FZ LLC (Medical Consultant)

JETS scope: Design, supply and installation of kitchen equipment for the hospital central kitchen.

In continuation to their well-known series of hospitals, lifeline group has established a new hospital in Abu Dhabi.

4.12 Musaffah Labour Accommodation

Client: Abu Dhabi Water & Electricity Authority

Consultant: White – Young Emirates

JETS scope: Supply and installation of all laundry facilities required for the accommodation.

This labor accommodation houses 10,000 laborers.

4.13 Hotel and Tourism Training Centre - Arusha, Tanzania

Client: Vocational Education & Training Authority (VETA)

Lead Consultant: Inter – Consult Ltd.

JETS scope: Design, supply and installation of kitchen and laundry equipment for training kitchens as well as hotel kitchen facilities, 2 students cafeterias, hotel café and bar.

This project aims to enrich the tourism environment in the city of Arusha in East Africa's Tanzania.

4.14 Central Bank of Tanzania

JETS scope: Supply and installation of kitchen and laundry equipment in Central Bank of Tanzania for the 2 headquarters located in Dar es Salaam and Zanzibar.

4.15 UAE Military Camps

JETS have been involved in a number of Directorate of Military Works (DMW), Command of Military Works (CMW) & Special Operations Command UAE Armed forces projects.

These works have been executed for a number of different main contractors including **Capriole Construction Co. L.L.C., ALGECO, AMANA, Al Nuaimi, Al Badr Construction, Desert Knight Transport & General Contracting, and Site Technology Ltd Co, Ultramax General Contracting, Al Awael Building Contracting etc..**

4.16 Al Khaleej Hospital, Al Ain

Client: Al Khalij Specialized Hospital

Lead Consultant: Crang & Boake

JETS scope for the Al Khaleej Hospital in Al Ain is to supply and install all the kitchen and laundry services for the hospital based on our vast experience in the field of catering equipment services.
